Heavy Snow Guidance

“Whilst Hart is as well prepared as it can be to clear snow from our car parks and priority pedestrian areas the council’s response will always be limited and we are keen to encourage residents to plan ahead and think how best they can help themselves. One of the misunderstandings is the belief that people who clear snow from footpaths are likely to put themselves at risk of being sued. This is just a myth, and it is unlikely that this situation would arise provided that the area is cleared safely and effectively. For further information visit

Please remember Hampshire County Council are responsible for the salting and clearing the highway network and details of priority salting can be found at
